

## Outbreak, Surveillance & Investigation Reports (OSIR) Journal

**Angela Song-En Huang, MD, MPH**

Chief Editor

**Medical Officer**

**Taiwan Centers for Disease Control**

Dr. Angela Huang is a medical officer at the Taiwan Centers for Disease Control. She was trained as a doctor in internal medicine, and later with the US Centers for Disease Control as an Epidemic Intelligence Officer. During her time with the Taiwan Centers for Disease Control, she has been involved in responses to pandemic influenza, foodborne outbreaks, re-emergence of animal rabies in Taiwan, and dengue fever outbreak. She also participates in FETP activities. In her spare time, she enjoys traveling.
